

SCAN COIN 303/313 Coin Counters

SC 313

SC 303

 **SCAN COIN**

With counting speeds up to 2,700 coins/minute, the SC303 and SC313 are real time-savers. Reliable partners for banking, retail, amusement and other businesses that need to count, verify or bag coins or tokens. The products are so compact that they will fit in wherever you need to use them.

The difference between SC 303 and SC 313

Even though the two products are very similar in looks and functions, there are some differences. SC 303 comes with a carrying handle for easy portability. On SC 313 the tilting coin tray has been replaced with an automatic coin hopper. The remarkably higher hopper capacity makes SC 313 the ideal choice for larger volumes.

Universal counting, verifying or bagging

Two separate adjustments for coin diameter and coin thickness make the SC 303 and SC 313 a universal choice. A side bag attachment for rejected coins is standard for both products. The SCAN COIN electronic sensing technology assures high accuracy in identifying

size, they will both fit in wherever you need them, and can easily be moved around. In short, SC 303 or SC 313 is the ideal solution if you need a fast and reliable coin counter.

Loaded with customer benefits

- Microprocessor controlled with non-volatile memory for storing all vital data – no battery backup required.
- Three memory levels with a sub-total, grand total and a separate bag count memory.
- Pre-programmed stops, up to 7 different values, with manual override, from 1-10,999 and infinitely.
- Easy to read six-digit green LED display.
- Compact with small footprint.

ACCESSORIES/OPTIONS
