with External Display**

# PRODUCT OVERVIEW

Introducing the DMInteract DM-500BC cash counting machine, designed for precision and efficiency. Equipped with advanced UV, MG, and IR counterfeit detection, it ensures accurate counting by detecting half-notes, chained-notes, and double-notes. The full intelligent mode automates start, stop, and clear functions, while the fake cashes go through it, it will alarm promptly and error code will stop. With a high counting speed of over 1000 pieces per minute and versatile add and batch counting modes, it handles up to 200 pieces in both hopper and stacker. The user-friendly display includes three-digit counting and external displays, and a five-digit amount accumulation display. Compact and portable at 28 x 26 x 19 cm and 5.5 kg, it's ideal for any space. The package includes an external display, power supply, brush, and user manual for easy setup. Enjoy peace of mind with a 2-year commitment.
