- Graf

# DMInteract® DM-3000 MONEY COUNTING MACHINE

3 POCKET UPTO 65 CURRENCIES SUPPORT

- 5" Full Color Touch Display
- Three-stage modular fully open banknote transport path: easy to maintain 8 different sorting modes, including customized mode.
- Support fitness sorting, denomination sorting, face/orientation sorting, version sorting, etc
- Serial number and counting results can be printed instantly on external thermal printer (optional)
- Built-in dust collection design

## Auto & Multi Currency Processing

Automatic identification of banknotes and mixed counting of multiple currencies

## Self-checking Tips

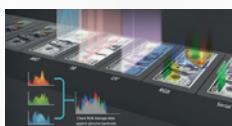

Advanced self-checking system with animated prompts based on error codes.

## Fitness Sorting Mode

- Sorting ATM, circulating and non-circulating banknotes.
- Set sensitivity levels for tape, holes, tears, stains, graffiti, soli notes etc.

## Image Analysis Function

This function can analyze the characteristics of banknotes under different light sources and counterfeit detection functions.

## Easy Software Upgrade

- Software can be updated via USB connection or LAN cable.
- Special software can be connected to a computer to upgrade the machine

## Certificate of Conformity

ISO 9001 & ISO 14001 & CE & FCC Certification

- The machine is produced under ISO9001 and ISO14001 certified production systems. The machine has passed the certification test standards for some markets.
